PROFILE

I am a Diploma Civil Engineer specializing in drafting, structural layout planning, BIM workflows, and site coordination. My experience in both design documentation and on-site execution allow me to support projects with accuracy, clarity, and practical feasibility. I work with AutoCAD, Revit, estimation tools, and engineering standards (ISO/BIS) to ensure drawings, reports, and technical documents are reliable and implementation-ready. I value professional discipline, continuous learning, and precision in work. As I grow in this field, my goal is to contribute to high-quality infrastructure projects while developing deeper expertise in BIM & structural coordination.

SKILLS

- AutoCAD (2D & 3D)
- Revit Structural
- BIM
- Cost Estimation & Billing
- Microsoft Office Suite
- Blueprint Reading
- STAAD.Pro (Basic)
- ISO/BIS Drafting Standards

CERTIFICATIONS

- AutoCAD (Beginner to Professional) –Alison
- BIM Fundamentals – Skillbind Education
- Internship – Genz Educatewing

PERSONAL INFORMATION

- Name: Sainik Bhaumick
- Date of Birth: 17 April 2006
- Gender: Male
- Languages: Bengali (Native), Hindi (Fluent), English (Fluent)

EXPERIENCE

SK Samanta & Co. – Diploma Engineer Trainee (Civil) – Present

- Prepared estimation and technical documentation.
- Assisted in CAD drawing modifications and layout reviews.
- Monitored site execution and compliance.
- Made BOQ and Contractor Bills.
- Supported inspections and engineering reporting.

PROJECTS

Amrapali CHP – Civil Construction & Site Execution
Assistant Engineer Trainee, SK Samanta Ltd., Jharkhand

Duration: July 2025 – Present

- Assisted in site supervision, work execution, and quality control for civil structures ensuring adherence to safety and engineering standards.
- Supported quantity estimation and material planning to maintain cost efficiency and workflow continuity.
- Coordinated with project engineers for interpretation of structural drawings and practical implementation on site.
- Made Contractor bill and also assisted on making BOQ.

AutoCAD Internship

Genz Educatewing – Professional Training & Internship

Duration: Sept 2024 – Nov 2024

- Learned and applied AutoCAD for preparing civil layout plans, sections, and structural detailing.
- Understood construction planning, load considerations, and estimation techniques through training assignments.
- Developed strong technical drawing interpretation and visualization skills relevant to real-world construction environments.

EDUCATION

Diploma in Civil Engineering – Acharyya Prafulla Chandra Ray Polytechnic (2022–2025)

WBSCTE | CGPA: 8.0 Overall

Secondary Education – Behala Aryya Vidya Mandir (2022)

WBBSE | 75.14%
